Joint Recreation and Wellness Center Nets Approval

The Nevada System of Higher Education Board of Regents have given their approval to a proposed wellness and recreation center that would be jointly operated by WNCC and the city of Carson City. Under the proposal, the city would contribute \$8 million and WNCC would match with \$8 million. The project still faces many hurdles, including inclusion in the state budget on NSHE's capital improvement projects list, and approval by the 2007 Nevada Legislature.

The center would feature an athletic fitness center, a gym, physical education areas, and an aquatic element. It would be located on the northwest end of the campus near Combs Canyon Road.
